SPECIAL THANK YOU

As you all no doubt realize, once a year we print the names of the NSA members who have contributed to NSA over-and-above the annual membership dues. This represents one small way of saying a special "thank you" for the generosity which has helped make NSA the financially sound organization that it is today.

Generosity such as this enables us to print larger issues of *Stereo World* than was possible in the past, and even to produce an all-color issue from time-to-time. Grants for original research into various aspects of stereoscopy, funding for regional programs, and the printing of the membership directory all represent NSA programs aided by the generosity of our membership. Additionally, the ability to keep our membership dues as low as they are is also traceable to the generosity of our members.

We thank you again, and look forward to another year of growth in your organization.
